- Designed and developed responsive websites for diverse clients, meeting their unique design needs and business goals.
- Proficient in HTML, CSS, and JavaScript, and MERN ensuring seamless user experiences and optimal functionality.
- Managed project lifecycles, from concept to deployment, while maintaining strong client communication.
- Built a portfolio of 10+ successful projects across various industries, showcasing design versatility and client satisfaction. Click the link before my profile for more info!

Apprenticeship – DXC/QA LVL 6/8

During my 12-month Level 6 apprenticeship program with DXC and QA, I gained extensive experience and knowledge in various domains and technologies, including hardware assembly, Configuration Manager, Active Directory, Python, SQL, and more. Under QA's guidance, I completed rigorous virtual courses in Networking Fundamentals, Security Fundamentals, and Installing and Configuring Windows 10 at Level 6, contributing to my professional growth.

Continuing my journey, I successfully completed the Level 8 IT apprenticeship program, which provided a comprehensive understanding of networks, cyber security, and problem-solving techniques. Through hands-on assignments, I further developed my expertise in addressing IT-related issues. I completed courses in Networking Fundamentals, Security Fundamentals, and Windows 10 2016 Server at Level 8 during this program.

University - Software Development @ Glasgow Calu University

Currently “**Studying Software Development within a Business**” I have finished my first year which included Learning Programming Languages such as – Python, Java, Linux, SQLite and many more

Year 2 Includes – Human Computer Interaction, Web Application Dev 1, Object Orientated Analysis & Design

Year 3 Includes – Web Application Dev 2, Applications Architecture and Design Patterns, DevOps Project

Year 4 Includes – Honours Project, Machine Learning and Data Analytics, Secure Software Development, Cloud Platform Development

Accomplishments

SC Security Clearance *January 2021 - Present*

Level 8 Networking Fundamentals Course – QA/DXC – *October 2021*

Level 8 Security Fundamentals Course – QA/DXC – *September 2021*

Level 8 Windows 10 Server 2016 Course – QA/DXC – *December 2021*

AIGPE Lean Specialist – Udemy – July 2023

Certified Lean Expert – Udemy – July 2023

Certified Lean Project Management – Udemy – July 2023
