Park Mains High School, Erskine - *August 2014 – 2020*

Apprenticeship DXC/QA - *January 2021 – 2022*

University – GCU/DXC *September 2022 – Present*

Current Educational Achievements

- Higher Music   A
- Higher Graphics   B
- Higher English   B
- Higher Art   B
- National 5 Physics   C
- National 5 Math's   C

Relevant Professional Background

DXC Technology – MSBD

BAE Project Lead - May 2022 – Nov 2023

- Demonstrated proficient management of a compact team of 3 individuals in successfully administering, deploying, and constructing laptops for BAE projects. Leveraged advanced configuration management techniques to ensure timely deliveries, even surpassing demanding deadlines.
- Earned accolades from stakeholders for the skilled execution and exceptional quality of laptop deployments, resulting in amplified productivity gains and cost savings.
- Showcased adept administrative skills through effective resource management, precise logistics coordination, and hands-on supervision of extensive laptop deployments.
- Took the lead in driving cross-functional teams, fostering a collaborative atmosphere that consistently delivered victorious project outcomes.

PLM Applications for BAE/RBSL – Nov 2023 - Present

- Transitioned onto a high-profile PLM applications project, focusing on the needs of BAE Systems and Rheinmetall BAE Systems Land (RBSL).

- Managed comprehensive aspects of Teamcenter versions 11, 13, and 14, demonstrating adaptability and expertise across multiple software iterations.

- Oversaw a wide range of Oracle scripts and managed SQL scripts within an Oracle database, ensuring seamless integration, optimal performance, and data integrity.

- Led a dynamic team through implementation, customization, and support phases, promoting an environment of continuous improvement and innovation.

- Supported the critical migration of BAE servers onto the RBSL network, ensuring a seamless transition and enhanced collaboration between the two entities.

Freelance Web Design Business - May 2023 - Present

- Designed and developed responsive websites for diverse clients, meeting their unique design needs and business goals.
- My stack includes – HTML, CSS, JavaScript, TypeScript, React, Next.js, Node.js, Tailwind, Prisma, MongoDB, SQLite, Python, Linux, Framer Motion & many more languages.
- Managed project lifecycles, from concept to deployment, while maintaining strong client communication.
- Built a portfolio of 10+ successful projects across various industries, showcasing design versatility and client satisfaction. **https://euanmunro.info/**

Apprenticeship – DXC/QA LVL 6/8

During my 12-month Level 6 apprenticeship with DXC and QA, I gained extensive experience in domains like hardware assembly, Configuration Manager, Active Directory, Python, SQL, and more. Guided by QA, I completed virtual courses in Networking Fundamentals, Security Fundamentals, and Installing/Configuring Windows 10 at Level 6, fueling my professional growth.

Continuing, I successfully finished the Level 8 IT apprenticeship, deepening my grasp of networks, cyber security, and problem-solving. Through hands-on tasks, I honed my skills in resolving IT issues. I completed Level 8 courses in Networking Fundamentals, Security Fundamentals, and Windows 10 2016 Server.

University - Software Development @ Glasgow Cali University

Currently **"Studying Software Development within a Business"** I have finished my first year which included Learning Programming Languages such as – Python, Java, Linux, SQLite and many more. I am now in my second year of this degree.

Year 2 Includes – Human Computer Interaction, Web Application Dev 1, Object Orientated Analysis & Design

Year 3 Includes – Web Application Dev 2, Applications Architecture and Design Patterns, DevOps Project

Year 4 Includes – Honours Project, Machine Learning and Data Analytics, Secure Software Development, Cloud Platform Development

Accomplishments / Awards / Certifications

SC Security Clearance *January 2021 - Present*

Management Award – DXC Technology – May 2022

AIGPE Lean Specialist - Certification – Udemy – July 2023

Certified Lean Expert – Certification – Udemy – July 2023

Certified Lean Project Management – Certification – Udemy – July 2023

Erskine Delivery Hub Website Project Award – DXC Technology – August 2023

AI Business For Leaders – Udemy – April 2024

AI A-Z 2024 – Udemy – April 2024

Blockchain A-Z Certified – Udemy – May 2024
